

2022

Annual Meeting of Shareholders

FRANÇOIS POIRIER, PRESIDENT AND CEO

APRIL 29, 2022

THE CHALLENGE

A transition to cleaner energy that also meets the world's demand.

TC ENERGY IS BUILT FOR THIS MOMENT

We are
energy problem solvers.

LEADING THROUGH ENERGY TRANSITION

1.

Reducing emissions while meeting rising energy demands.

2.

Helping industries and businesses decarbonize.

3.

Adding renewable and lower-emission power to the mix.

THE WORLD NEEDS ENERGY SOLUTIONS

Reducing emissions intensity 30% by 2030.

Positioning for net zero by 2050.

OPTIMIZING OUR CURRENT SYSTEMS

Innovating and modernizing to reduce emissions from our business.

DEEP
DIVE

Hybrid electric
compressors cut
carbon footprint
in Virginia.

Packaged Unit shown Licensed by Dual Drive Technologies

DELIVERING SUSTAINABLE ENERGY SOLUTIONS

Addressing the energy
challenges that all industries
and businesses face.

DEEP
DIVE

Hydrogen hubs
to serve
heavy-duty
trucking sector.

REPLACING HIGHER-CARBON FUELS

Natural gas will play a pivotal role in the energy transition.

DECARBONIZING ELECTRICITY USE

Adding renewable and lower-carbon power to the mix.

DEEP
DIVE

Making 24/7
carbon-free
power possible.

Canyon Creek Pumped Hydro Energy Storage Project

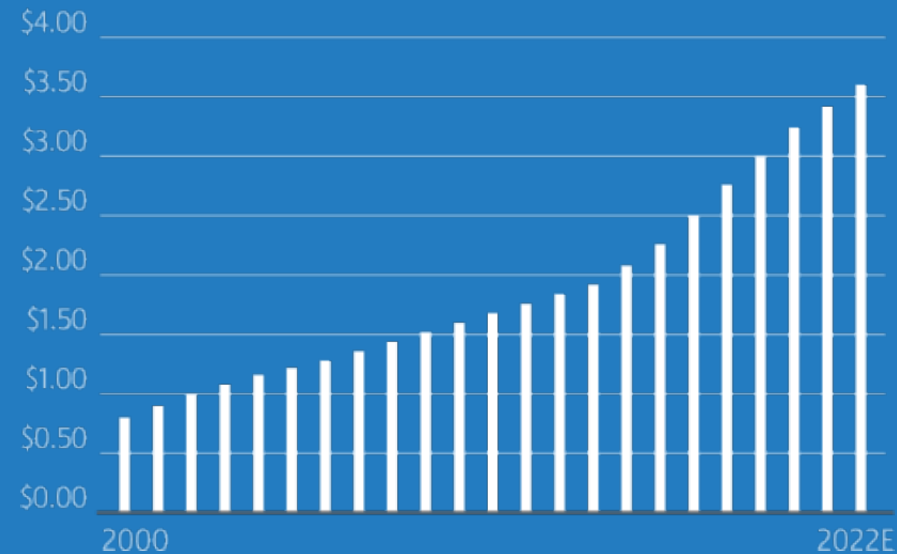

DELIVERING LONG-TERM RESULTS FOR SHAREHOLDERS

13% average annual total shareholder return since 2000.

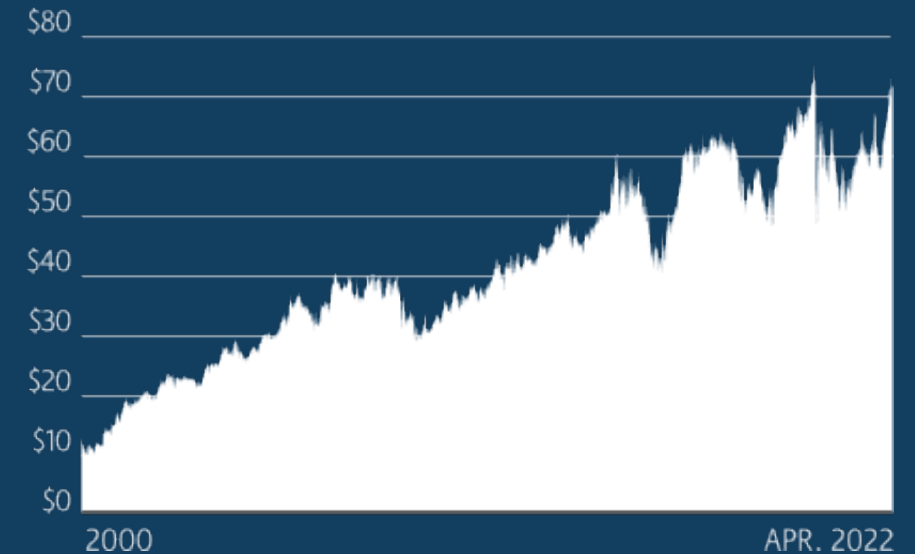

2022 ANNUAL MEETING OF SHAREHOLDERS

Track record of dividend growth

Common share price – Toronto Stock Exchange

LIVING OUR VALUES

Creating shared prosperity and healthy communities.
