

Trevor Ebl

President, Canadian Natural Gas Pipelines

As President, Canadian Natural Gas Pipelines, Trevor Ebl has overall accountability for the growth, operation and profitability of TC Energy's federally and provincially regulated natural gas pipeline assets in Canada.

Since joining TC Energy in 2020, Trevor has held senior roles in Safety, Operations, Engineering and Projects. In his previous role as Senior Vice-President, Safety and Technical Services, he was responsible for safety and technical services across the Canada, US and Mexico natural gas transmission and storage businesses. As Senior Vice-President of Operations, Engineering and Project Execution, Trevor was accountable for the safe, reliable and efficient operations of our Canadian Natural Gas Pipeline assets.

Prior to joining TC Energy, Trevor spent 19 years in the power generation industry at AGL Energy and TransAlta Corporation. At AGL Energy in Australia Trevor was the Head of Engineering Services for a portfolio of generation assets and responsible for engineering services, asset management and improving portfolio integrated planning. Prior to AGL, Trevor worked at TransAlta Corporation for 17 years in a variety of leadership positions in Canada and the U.S. across Engineering, Commercial and Operations.

Trevor holds a Bachelor of Science degree in Mechanical Engineering from the University of Alberta and a Master of Engineering Management from Saint Martins University. He is a registered professional engineer in Alberta and a registered chartered engineer and engineering executive with Engineers Australia.

TC ENERGY

We're a team of 7,000+ energy problem solvers working to move, generate and store the energy North America relies on. Today, we're taking action to make that energy more sustainable and more secure. We're innovating and modernizing to reduce emissions from our business. And, we're delivering new energy solutions – from natural gas and renewables to carbon capture and hydrogen – to help other businesses and industries decarbonize too.

TC Energy's common shares trade on the Toronto (TSX) and New York (NYSE) stock exchanges under the symbol TRP. To learn more, visit us at [TCEnergy.com](https://www.tceenergy.com).
